

Deliverables:

Week 13

Deliverable I:

- * Set-up a team repository on e.g., Chalmer's Gitlab or github.com and upload the link to Canvas.

Week 14

Deliverable II:

- * 1. A description of your project scope, including a set of initial milestones & features, KPIs, and a mockup. Upload the description and the mockup to your repository by Friday 17.00. Include the milestones & features in your Gitlab Environment.
- * 2. Setup your Kanban board in Gitlab, take a screenshot of the empty board and upload it to Canvas.
- * 3. Individual reflections uploaded to team repository

Week 15-20

Deliverable III-VIII:

- * A team reflection report and an individual reflection report, uploaded to the team repository. The deadline is decided by each team so that it fits with the sprint structure

Week 21:

Final presentations as videos

- * Deliverable IX (Tuesday!):
 - * Final presentations as videos

Week 22

* Deliverable X:

- * FRI: Final report (see Assignments), and when that is done you fill out the peer assessmentx§
